Dear Friends of Florida Ski Adventures:

We are excited to announce that our 2014 trip will be to Steamboat Springs, Colorado from February 1, 2014 through February 8, 2014. We have secured value season rates for our peak season trip. We have secured a first class property with ski-in & ski-out access right next to a gondola. For 2014's trip we will be staying at the **Sheraton Steamboat Resort and Conference Center** in beautiful Steamboat Springs, CO. The mountain has 2,965 acres of terrain with a diversity of trails for all levels of skiers. The many gladed areas are Steamboat's claim to fame. There are 165 named trails comprised of 14% beginner, 42% intermediate and 44% advanced. The longest run, Why-Not, is over 3 miles.
